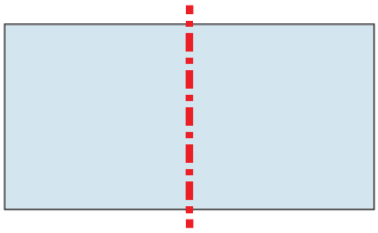
two 1-1/2" x 138" strips
two 1-1/2" x 148-1/2" strips
two 1-1/2" x 159" strips
Note: Sew WOF strips together, end-to-end, as needed in order to make these lengths.

From one hundred twenty of the Ten Square pieces:
Cut each square in half to form two 5" x 10" rectangles, for a total of two-hundred and forty rectangles.

From the Binding Fabric, cut:
twelve 2-1/2" x WOF strips

Prepare the Blocks

Step 1: Press each 5" x 10" rectangle in half, as shown, bringing the 5" ends together. Unfold. These creases will aid in the final assembly. These rectangles will now be referred to as Blocks.



Assemble the Rows

Step 2: Sew two Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between the two Blocks. Press toward the sashing. Repeat to make a second row like this.

Step 3: Sew a 20-1/2" Fabric A strip to one edge of each row, centering along the length. Press toward the sashing.

Step 4: Sew three Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between each Block. Press toward the sashing. Repeat to make a second row like this.

Step 5: Sew a 31" Fabric A strip to one edge of each row, centering along the length. Press toward the sashing.

Step 6: Sew four Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between each Block. Press toward the sashing. Repeat to make a second row like this.

Step 7: Sew a 41-1/2" Fabric A strip to one edge of each row, centering along the length. Press toward the sashing.

Step 8: Sew five Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between each Block. Press toward the sashing. Repeat to make a second row like this.

Step 9: Sew a 52" Fabric A strip to one edge of each row, centering along the length. Press toward the sashing.

Step 10: Sew six Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between each Block. Press toward the sashing. Repeat to make a second row like this.

Step 11: Sew a 62-1/2" Fabric A strip to one edge of each row, centering along the length. Press toward the sashing.

Step 12: Sew seven Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between each Block. Press toward the sashing. Repeat to make a second row like this.

Step 13: Sew a 73" Fabric A strip to one edge of each row, centering along the length. Press toward the sashing.

Step 14: Sew eight Blocks together, placing a 1-1/2" x 5" Fabric A sashing strip between each Block. Press toward the sashing. Repeat to make a total of two rows like this.

Sew an 85-1/2" Fabric A strip to one edge of two of the rows, centering along the length. Press toward the sashing.

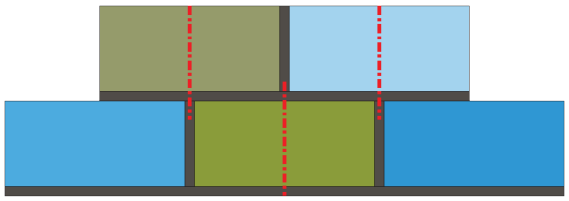
Step 15: Continue in the pattern as above, making the following rows:

# of blocks	*# of rows to make*	*sashing length*
9	2	96"
10	2	106-1/2"
11	2	117"
12	2	127-1/2"
13	2	138"
14	2	148-1/2"
15	1	159"

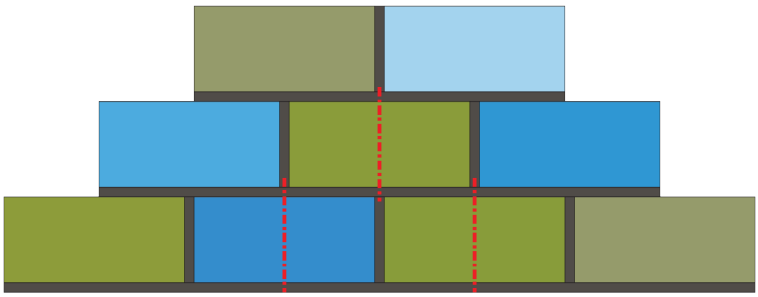
There will be one row of 15 Blocks and two single Blocks remaining, which will be used on the final rows/corners of the quilt in Step 20.

Assemble the Quilt

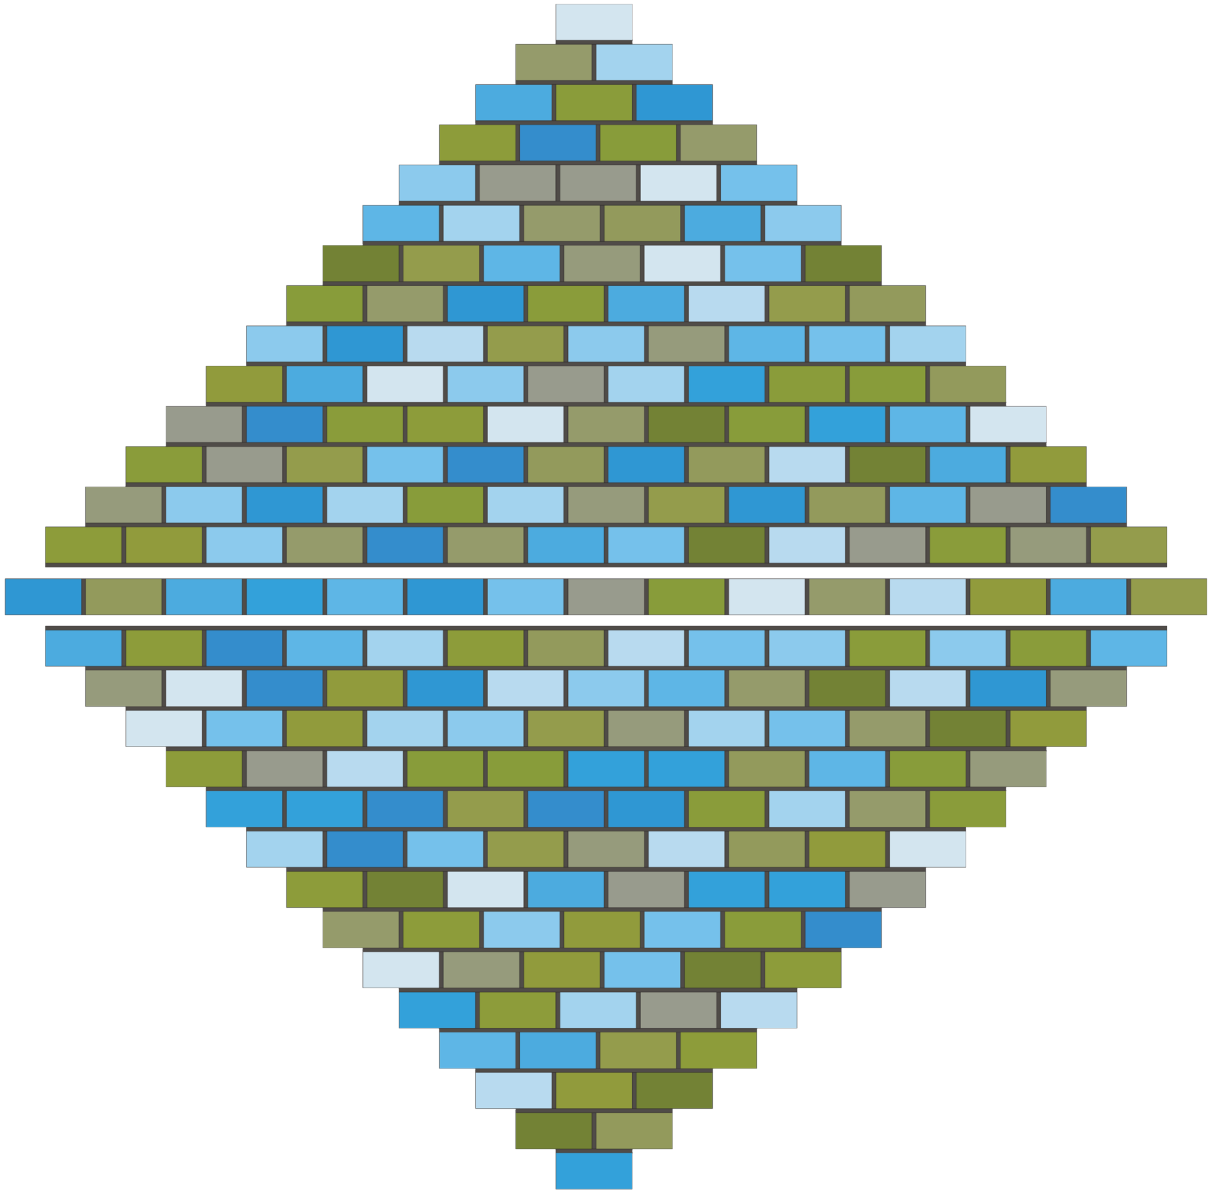
Step 16: Center and sew one row from Step 3 to one row from Step 5, as shown. Using the creases from Step 1, center the creases to align as closely as you can to the center of the block sashing strips. Press. Repeat to make a second unit like this.



Step 17: Center and sew one row from Step 7 to one unit from Step 16, as shown. Using the creases from Step 1, center the creases to align as closely as you can to the center of the block sashing strips. Press. Repeat to make a second unit like this.

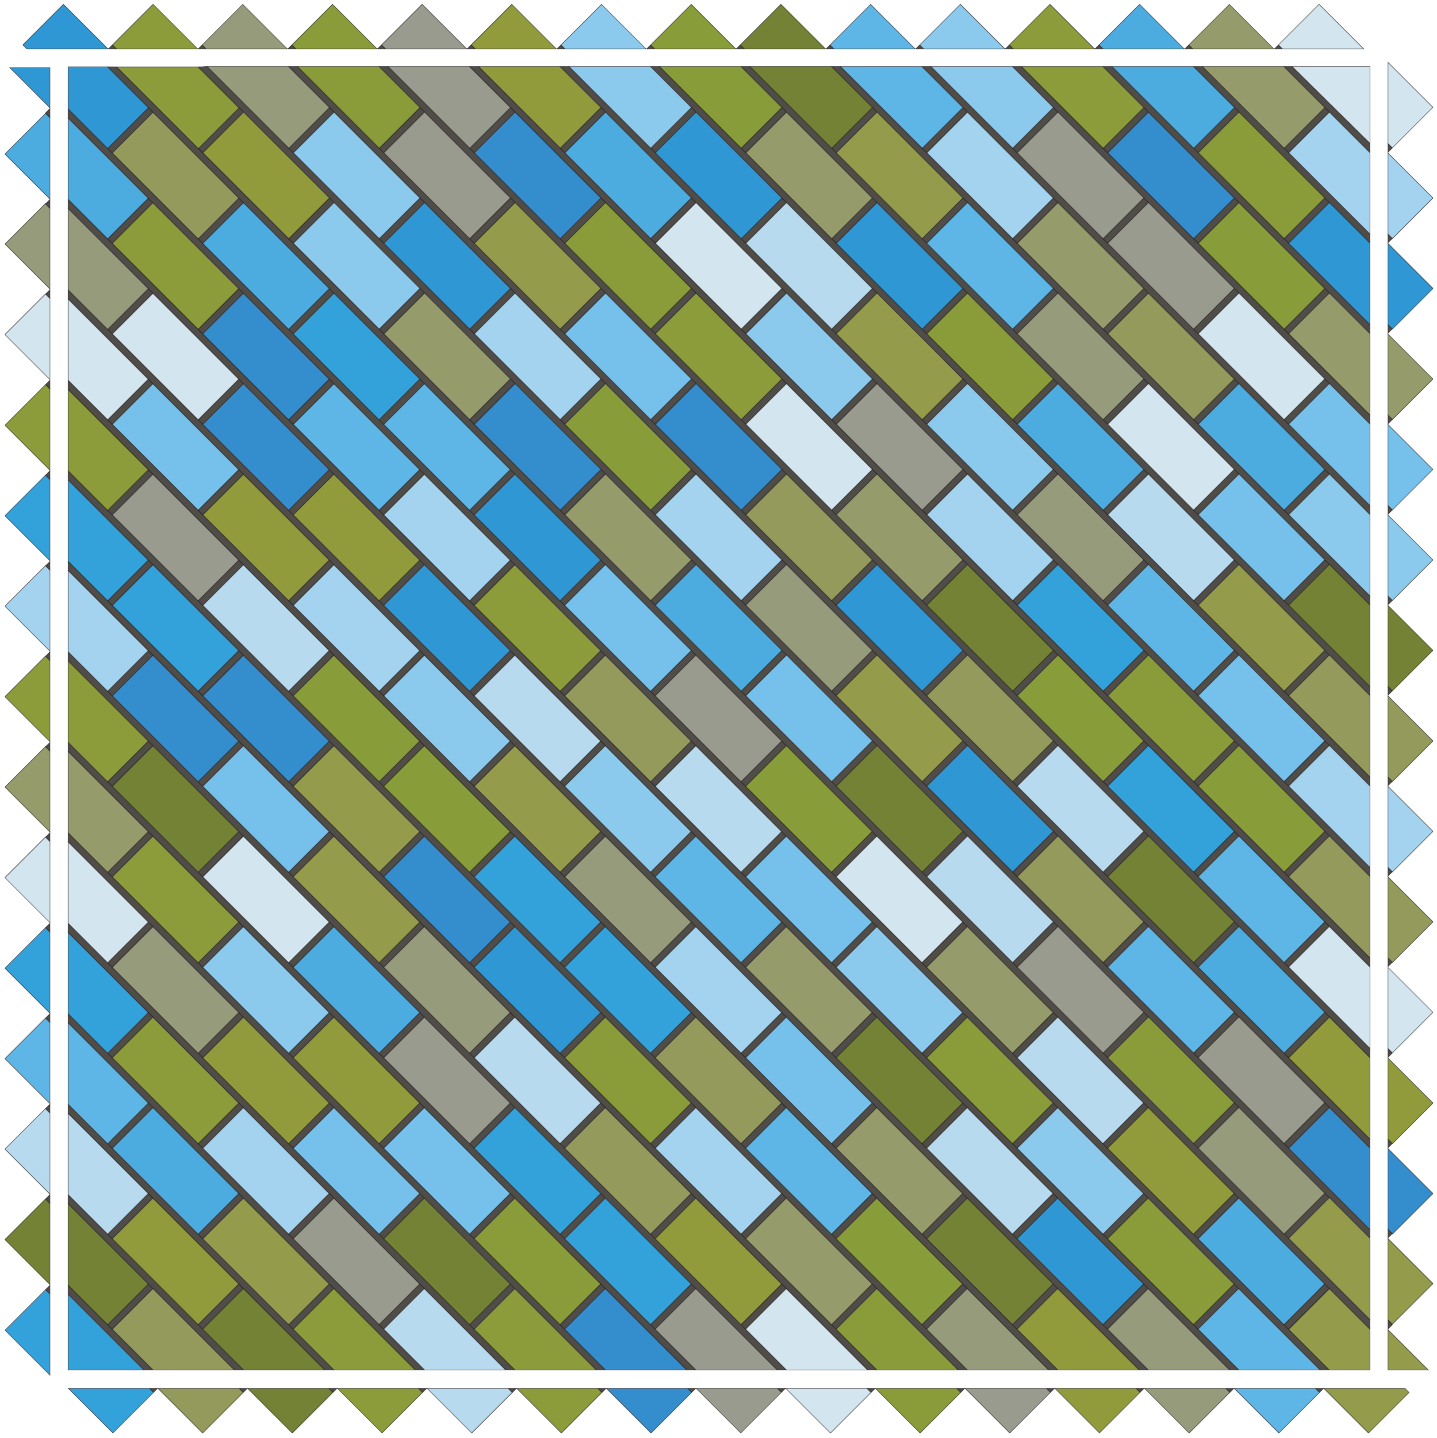


Step 18: Continue to add rows from Steps 9, 11, 13 and 15 to each section of the quilt, as you did in Steps 16 and 17. You will have two large triangle portions of the quilt at this point.



Step 19: Carefully place the remaining row of blocks (left over from Step 15) between the two halves of the quilt. Notice how they are offset to form the final quilt top. Sew this row of blocks to each half. Press.

Step 20: Sew a 10" Fabric A strip to one long edge of two remaining blocks. Press. Center and sew these units to the remaining unfinished corners of the quilt. Press.



Step 21: Trim the quilt top to approximately 106-1/2" x 115", cutting off the ends of each row to square up the quilt. Because the outer edges of the quilt are now bias edges, you may wish to sew a line of stay-stitching around the outermost edge of the quilt, 1/8" from the edge. This will prevent the quilt top from stretching during quilting.

Your quilt top is complete! Baste, quilt, bind and enjoy!
