## Block Construction

*All seam allowances are  $\frac{1}{4}$ " and pieces are sewn right sides together.*

1. Sew the long edges of a  $1\frac{1}{2}$ " CD1262 Multi strip to each side of a  $1\frac{1}{2}$ " C1000 Fire strip. Press. Repeat to make a total of thirteen strip sets.
2. Cross-cut the strip sets into forty-nine  $3\frac{1}{2}$ " ×  $9\frac{1}{2}$ " sashing strips.

3. To make the sashing rows, follow the quilt photo and alternately sew together five  $3\frac{1}{2}$ " C1000 Sun squares and four  $3\frac{1}{2}$ " × 9" sashing strips. Make a total of six sashing rows.

## Quilt Top Assembly

3. Following the quilt photo for the color placement, lay out the 9" squares in five rows of four blocks each. Note that the CD1261 Black blocks are directional.
4. Alternately sew together five vertical  $3\frac{1}{2}$ " × 9" sashing strips and four 9" squares in each row. Number the rows for easier assembly.
5. Beginning and end with a sashing row, lay out the block rows in numerical order with sashing rows between. Matching adjacent seams, sew the five block rows and six sashing strip rows together in order.
6. Sew together the 3" × WOF C1000 Black strips end to end. Measure the quilt center length and cut two strips that measurement. Sew one strip to each side of the quilt.
7. Measure the quilt center width and cut two 3" C1000 Black strips that measurement. Sew one strip to the top and the other to the bottom of the quilt.

## Finishing

8. Layer the quilt top, batting, and backing, and quilt as desired.
9. Stitch the binding strips together end to end using diagonal seams. Fold and press the resulting long strip in half lengthwise with wrong sides together. Stitch to the quilt front, matching raw edges and mitering the corners.
10. Fold the binding to the quilt underside and hand-stitch the folded edge to the quilt back.
